General Information:

The Waterpoort Cup is an Open International Kyokushin Tournament for kids, cadets, juniors and seniors and is held in the city of Sneek, The Netherlands. The objective of the tournament is to increase the international (sport)relations between the participating dojo's and karateka's and the development of fairplay. In last year's edition moreover than 280 competitors from moreover than 1 different European countries entered the tournament.

Dojo's from Lithuania, Belgium, Sweden, Denmark, France, Switzerland, Wales, Catalunya, Poland and The Netherlands were present. Besides developing better international relations, another objective of the Waterpoort Cup is offering the competing young karateka's as much international experience as possible.
